of this suggestion

TITLE OR SUBJECT OF SUGGESTION		SUGGESTION NO.
SAC Machine Possible Relocation		78-324
PRESENT METHOD		
<p>Escalator Tunnel (B2), Northwest Entrance (G4), and Southwest Entrance (I6) SAC Machine could be relocated. Present station prevent the FPO's from observing anyone/ everyone approaching his post from all angles in the nearby CORRIDORS.</p>		
I SUGGEST		
<p>That security visibility be possible for the FPO's to observe all CORRIDORS surrounding his post. The Escalator Tunnel (B2) and Southwest Entrance (I6) to the left of the FPO's station at the SAC Machine, security visibility is highly impossible. Also, the same situation exist on Northwest Entrance (G4) except it exist to the right of the FPO's post, instead of his left. I'm suggesting that MIRRORS be installed for security visibility.</p>		
ADVANTAGES		
<p>A mirror at each entrances, in large diameter could serve as an security aide to the FPO's at the SAC Machine on these entrances. Only, if relocation of the SAC Machine is out of the question, at this present time. FPO's are supposed to be able to observed all main corridors around his assigned post.</p>

Awards Committee

SUGGESTION NO.

78-324

SUSPENSE DATE

INSTRUCTIONS: Please complete this form in detail to guide the Suggestion and Achievement Awards Committee in making a final determination of the merits of this proposal. Retain third copy.

1. ACTION RECOMMENDED

☒ ADOPT

☐ DECLINE

☐ OTHER (Specify):

DATE ADOPTED

2. REASONS FOR RECOMMENDATION (If more space is needed, use plain paper)

We concur with the recommendation that wide-angle mirrors be placed at those entrances where corridor surveillance is difficult. SACS equipment and the guard desks cannot be relocated. Present position of all SACS equipment represents a compromise worked out between the Fine Arts Commission, Security, and safety officials of the GSA and OSHA. Each entrance contains dedicated signal and power wiring in the walls adjacent to the SACS equipment which rules out any movement of the hardware.

This suggestion cannot be adopted except with the approval of the Fine Arts Commission. It is requested that the Executive Secretary Suggestion Awards Committee obtain the approval of the Fine Arts Commission.

3. TANGIBLE FIRST-YEAR SAVINGS (Man-hours, material, equipment, etc.)

4. INTANGIBLE BENEFITS (See guide on reverse side of third copy)

5. WHAT OTHER OFFICER(S) SHOULD ALSO SEE THIS IDEA?
